EDUCATION

Humber College

2019 - Post-Graduate Certificate Web
Development with Honours
Toronto, ON

University of Victoria

2015 - Bachelor of Arts in Psychology
Victoria BC

INTERESTS

Programming
Cooking
Art / Playing Guitar
Video Games
Rock Climbing

DEVELOPMENT PROJECTS

English Vocabulary Exercises – Under Development

URL: <http://eve.kentokanazawa.com/>

Repository: <https://gitlab.com/KentoKana/eve-react/>

Project Overview:

- Tool for non-native English speakers to learn and practice using English vocabularies, built with React, Words API. RESTful API endpoints still to be implemented using PostgreSQL.
- Involved in designing the database schema/RESTful API endpoints, and building out the front-end with React, using Fetch API to consume the API.

Markdown Blog API

URL: <https://kentokanazawa.com/blog-posts>

Repository: <https://github.com/KentoKana/portfolio-2>

Project Overview:

- Built with React, Fetch API, Node/ExpressJS and Markdown.
- Blog posts are served as a JSON endpoint with pagination through ExpressJS.
- Designed the backend logic for building out the JSON API, content extraction from Markdown files, and the backend pagination logic.
- Fetch API is used to retrieve blog posts within a React application.

PROFESSIONAL EXPERIENCES

Axess Creative: Co-Founder and Web Designer

September 2019 – December 2019, Greater Toronto Area ON

Involved in web design and client outreach. Developed utility scripts such as JavaScript UI modules and automation tools for installing the company proprietary WordPress theme using BASH script.

Simplistics Web Design: Intern Web Developer

June 2019 – September 2019, Kitchener ON

Closely working with the design team, developed and deployed custom WordPress websites using PHP, JS/jQuery, and SASS, with a focus on meeting the WCAG 2.0 standards. Implemented features requested by clients on existing sites, and developed template themes from the ground up.
